of Mysore

Honored Sir

I most respectfully beg to lay the following few facts, with a view to receive ample justice at your honors' hands.

That my Institution the Madrasa-i-Mufedum-Nisiwan was located in the Lungerkhana in the year 1875 (Vide docket No. 193 A). After 8 years the Municipality required the building to locate its Office, and the Board took it from me paying Rs. 130/-, the amount which I had spent in digging a well, as well as helping me in other ways. I applied for a spot of ground to erect the School, and the Board granted me the site in question under certain conditions (Vide B). I presented a plan of the building and the Municipality sanctioned the same (Vide C and D). First I erected a shed on the site (Vide X in plan C) and collected materials to erect school. While I was doing so I received an order from the Board to fill the ditch on the ground. Accordingly I did so, and when I was about to erect the building, I received an order from the Municipality to stop work (Vide E) After this followed the Proceedings of the Municipal Board held on the 26th June and 11th July 1893 (Vide F): When I received this I petitioned the Board and in reply I got Endorsement No. 1041 (Vide G).

Now I most humbly beg to inform your honr that I have already spent some money in filling the ditch & collecting materials for erecting the School, Besides I have not infringed any of the conditions of the Board. Taking these things into consideration, I respectfully approach your honor to grant me full justice either by handing me over the site in question to erect the school, or order the Municipality to pay the amount I spent on the ground.
